Prepared
for GTCC's
Placement Tests?**

COMPASS TESTING

What is Compass?

Compass is a computer adaptive placement test that is used to assess students' reading, writing and math skills. This assessment helps us accurately place students in college courses. COMPASS is an untimed test that gives immediate score results.

Reading

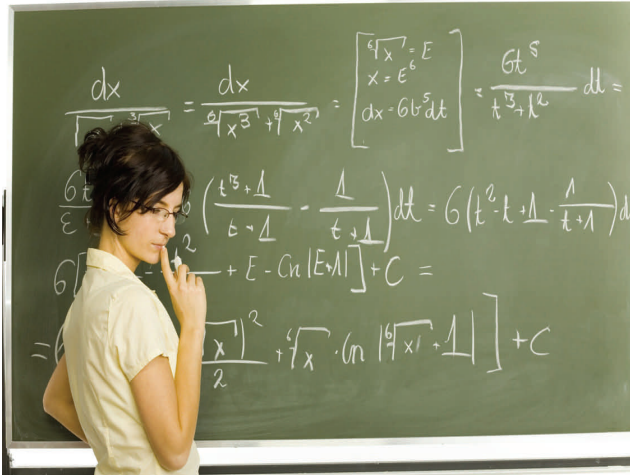

You will be given one or more passages to read and then answer questions about each passage.

Writing

You will be presented with an essay and asked to look for errors in grammar, punctuation and style.

Pre-Algebra/Introduction to Algebra

You will solve problems which evaluate numerical, pre-algebra and sometimes trigonometry skills.

All Workshops

will be held in

The Learning Resource Center
Room 202

Can't Make the Workshops?

Here are a few helpful tips:

- Try the On-line Compass Workshop <http://www.gtcc.edu/distance/compass.aspx>
- Review basic math and grammar skills (GED or SAT study materials are helpful)
- Check out the book "Chart your Success on the Compass Test" from :
 - The Library (Jamestown Campus), \$50.00 cash deposit for three (3) days use. Full refund upon return of the book.
 - Purchase the book from the GTCC Bookstore
- Use the on-line practice test for the COMPASS test at: www.testpreview.com/compass_practice.com
